

**Dear Dr. Woldu & Team**

*Thank you for delivering Baby Lathitha Thandekile Mtati and all the care leading up to the delivery. I have recovered well and appreciate you and your team for taking care of me. Coming to your office every 6 weeks was so refreshing, from my very first visit to the day my baby was born, I experienced such warmth and love from you, Tammy, the Midwife and your wife - I always looked forward to my appointments.*

*Giving birth to my baby was much easier than I anticipated. Thank you for coming to the hospital during the middle of the night and through to the morning to deliver Lathitha. My husband and I were very impressed and happy with how everything went, and we will never forget how much you took care of me. Your easy going manner helped me to relax. I am glad everything went so well!*

*I pray that God may continue to bless all of you so that you may continue to bless others in the way that I have been blessed to have had you as my OBGYN.*

*I look forward to seeing you again when I become pregnant again 😊 - maybe in 4 years' time.*

*Kind Regards,*

*Thembaletu & Cebokazi Mtati*
